

English INSTALLATION GUIDE

Before you start
Make sure you have your L and R units.
Each side's unit speaker should face your ear after installation

Installing your Lazer VeloVox
Step 1:
Insert helmet straps into the loops

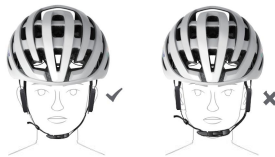

Step 2:
Make sure the strap is inserted through the top and bottom loops of your unit

Step 3:
Make sure the VeloVox speaker is aligned with your ear

Step 4:
Adjust and tighten your helmet strap to make sure your VeloVox is close to your cheeks

Charging your VeloVox
